

## **Good News! 6-month asset fee reduction.**

Beginning with the participant asset fee charged on January 31, 2018, the Board fee of 0.05% will be suspended, and, as a result, the participant asset fee has been temporarily reduced to 0.09%.

Based on the anticipated six-month duration of the fee holiday, this reduction will save participants approximately \$2.50 for every \$10,000 in account balance. The monthly fifty-cent charge from participant accounts over \$500 in the 457(b) plan, the 401(k) plan, and the 403(b) plan has not changed.
